About IBIS Seminar

- Although it is an irregular event, we have also held IBIS seminars in the past.
- Each session of the IBIS seminar can be viewed on demand through this working group's YouTube channel.

Welcome to Hybrid Asian IBIS Summit – Japan, 2026

- On the occasion of today's Summit, we would like to express our sincere gratitude to the members of the IBIS Open Forum, to all of presenters, to the staff of the JEITA EC Center, and to everyone who has joined us today.

- Today's event is a summit rather than a seminar, so we sincerely hope that all participants will take part in lively exchanges of opinions.
